

# TAURUS

When you need the best of two worlds.

**Comfort Zipper**  
– Fully gusseted "Comfort Zipper" to relieve stress on the surface.

**Stretch Panel**  
– Form fitting wave flex back panel.

**Anatomical Sculpting**  
– Prebent arms and legs provides a perfect anatomical fit.

**Chill Guard**  
– Keeps bodyheat in the suit

**PU Reinforced Shoulders** – Critical area abrasion resistance.

**A Seat That Grips**  
– Polyurethane embossing provides a non-slip grip and abrasion protection.

**High Visibility** – Reflective logo on neck and sleeves.

**Knee Guards** – Anatomically shaped, 3-D knee/shin guards for hard-core protection.

- 7mm semidry with dryzipper
- Dynat gas-proof zipper horizontally cross the shoulders makes the suit dry and warm.
- Pre-bent arms and legs for maximum anatomical fit enables the diver to have full mobility without restrictions. No restraining seam guidance at arms and legs makes the suit easy to put on.
- Front neck zipper adds to the comfort when sitting on a boat or waiting on shore. Separate hood fits underneath the warm-neck collar that keeps the hood well in place.
- Vented Hood, HAVS. A separated Vented hood fits underneath the warm neck collar. Our exclusive Hood Air Venting System

- uses one-way valves to vent annoying gas buildup in the hood.
- The HAVS hood features a 7mm double layered protection in critical heat loss areas and glide skin seals for the neck and face.
  - The cuffs are fitted with zippers and these sturdy cuffs provide protection and add insulation against the cold-bridge.
  - In addition, the cuff seals, being made from Microcell stretch neoprene, can be folded to block the entry of water and thus make the suit as close to a Drysuit you can get.
  - Harmonica stretch neoprene panels in hollow of knees and arms.
  - Vulcanised hard-core Anatomically shaped 3-D Knee Guards protects the lower part of the leg and the knees from wear and tear.

## Accessories

**Crux Glove, 7 mm Dry Glove** – Our pressure tested 7 mm Crux Dry Glove features a 3 mm internal seal to keep your hands dry in addition with sharing all the technical features from the rest of the Crux Glove family.

**Crux Glove 5 mm, 5-finger** – This stylish glove features a glide skin interior and a long zipper for easy donning. Expanding wave flex over layer and a polyurethane embossed protection section in the palm.
